The holiday season is among us! A time when most consumers stock up on groceries, preparing for the holiday festivities that will take place from now until the New Year. Family, friends, everybody will be shopping by to eat, drink and be merry! But, how nutritious will your holiday be . . . and, how safe?

You eat to live, you don't live to eat. Good nutrition is the basis for good health, body growth, and longevity. Preparation for adequate old age begins with nutrition in infancy and continues through ones life.

Good nutrition is achieved by the daily consumption of food that provides the nutrients body cells need for their health and functioning. It also means the daily rejection of excess amounts. By the way, for you dieters, recent studies indicate that less fat will develop if daily food is consumed in several small meals rather than in one big meal. This means that skipping breakfast, lunch, or both and eating a big dinner is not a wise choice.

Most plans for good nutrition depend on consuming a variety of foods from the basic food groups each day in this way:

1. The meat group - includes beef, pork, lamb and veal, variety meats such as liver, heart, kidney; poultry such as chicken turkey, eggs, and giblets.

Warning on toys

Dennis G. Cherot, executive director of the Newark Office of Consumer Action, has called on consumers to be careful when purchasing toys during the holiday season.

Despite the efforts of various agencies, unsafe toys are offered for sale so parents, manufacturers and retailers are urged to protect children from dangerous toys.

* * *

Toys should be chosen which are designed and recommended for the child's age and level of skill. The quality of design and construction should also be considered, and operating instructions should be included and clearly stated.

The office's next Rap Session will be held at the YMCA, 600 Broad St., Newark at 7:30 p.m. Evelyn Singletary of the Federal Trade Commission will speak on "Tots, Toys and Safety."

YOUR LIFE INSURANCE

Prepared by the American Society of Chartered Life Underwriters, the national society of life insurance professionals who have earned the C L U designation by meeting high educational, ethical and experience requirements.

Q. I've got eight children. My question is, how many beneficiaries can I have for my life insurance?

* * *

A. As many beneficiaries as you wish to name. You can even specify how you want the proceeds of the policy divided among them. You can also name contingent beneficiaries to receive the money in case the primary beneficiary dies before you do. If the beneficiary is a minor, you should designate a trustee or guardian of the proceeds for the benefit of the minor.

At Christmas, Swiss youths may visit nine fountains on their way to midnight church services, and take three sips of water from each, according to World Book Encyclopedia. Legend says that if they do this, they will find their future spouse waiting at the door of the church.

RESIDENT CRIME-PREVENTION PATROLS TO BE TOPIC OF MEETING

In announcing the next quarterly membership meeting of THE NEWARK BLOCK CLUB AND TENANT COUNCIL Collins Green President said that one of the main points on the meeting agenda would be a proposal to deal with the concern of most of the people of Newark, the problem of crime in the streets. "We must realize that safeguarding our persons and property has no simple and easy solutions, not even if it were possible to put a policeman in every doorway" he said. In view of the fact that it is most often the poorest of our city's citizens, within our poorest neighborhoods, who are the victims of such crimes, he felt that new approaches must be explored. He cited the pilot demonstration project of the "Youth Patrol" now operating on Blum Street, which has been directly instrumental in reducing muggings by "over 50% within a six month period and we knew that such a program in the area, can work".

"Immediate beneficiaries of such a program would be the most helpless ones, the elderly and women, through a proposed block "escort service". It is becoming increasingly obvious that community participation must be an essential ingredient to the solution of this critical problem", he concluded.

Black Pages DIRECTORY

**WILL GET YOU SEEN, KNOWN,
BUSINESS !!!**

The growing need for adequate exposure of existing Black-owned enterprises in the New Jersey-New York area, both to Black and White consumers.

Bridging the "exposure gap" between Black-owned enterprises and big business.

Dealing with one of the severe causes of limited business success among many Black-owned enterprises located in New Jersey & New York.

Creating a unique medium to serve the inner and outer communities through an increasing consumer awareness of broad range of products and services by Black-owned businesses.

Opportunities for widening the market ability of goods and services offered by Black-owned businesses, at a level of exposure unavailable anywhere else at comparable costs.

Providing a continuing service annually to the minority business community; increasing awareness of the values of minority contributions in products and services for the economic growth of our cities.

A meaningful step toward the reality of economic development among minorities.

A greater knowledge, locally and nationally, of the important role which Blacks and other minorities play in the life of our communities, our city and the country as a whole.

Your Community wants to know about you. It's good for them, good for you.
